

Day 23 – Daily Diary (Training TR-102)

Date: 23 July 2025

Name: Prabhdeep Kaur

URN: 2435240

CRN: 2315289

Institute: Guru Nanak Dev Engineering College, Ludhiana

Training Location: STEP GNDEC, Ludhiana

Topic Covered: MediKart Project – UI Enhancements & Responsive Design

◆ **What I Learned Today:**

Day 23 was dedicated to **improving the user interface** and making the website **responsive** for different devices. I focused on styling components and ensuring that the layout works on mobile, tablet, and desktop screens.

◆ **Activities Performed:**

1. Enhanced styling for all major components like Hero, Footer, Navbar, and ProductCard.
2. Applied **Bootstrap and CSS** for responsive layouts.
3. Adjusted grid layouts for product listings and category pages.
4. Added animations and hover effects for interactive elements.
5. Tested the website on multiple screen sizes and fixed layout issues.
6. Refined UI for checkout, cart, and profile pages for better usability.

◆ **Skills Gained:**

- Styling React components with CSS and Bootstrap.
- Making web applications responsive across devices.
- Improving user experience through visual enhancements and animations.
- Debugging layout and alignment issues in complex pages.

Reflection:

Today's session showed me the importance of **UI/UX design** in web applications. MediKart now not only functions well but also looks professional and is responsive on all devices, improving user satisfaction.
